Town Warrant.

STATE OF NEW HAMPSHIRE.

{ L S. } To the inhabitants of the Town of Claremont, in the County of Sullivan, in said State, qualified to vote in town affairs:

YOU are hereby notified to meet at the lower assembly room in the Town Hall in said town on Tuesday, the twelfth day of March next, at eight o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the ensuing year.
2. To see what sum of money the town will vote to raise for the support of schools for the year commencing February 15, 1901, and ending February 15, 1902.
3. To see what sum of money the town will vote to raise for the support of Stevens High School.
4. To choose a committee for the Stevens High School for the ensuing year.
5. To see what sum of money the town will vote to raise for the repair of highways and bridges for the year commencing February 15, 1901, and ending February 15, 1902, and determine how it shall be paid.
6. To raise by vote the necessary amount of money to pay the legal expenses of the town for the ensuing year.
7. To see what sum of money the town will vote to raise to pay the debts of the town.
8. To see what sum of money the town will vote to raise for the support of the poor.
9. To see what sum of money the town will vote to pay firemen.
10. To see what sum of money the town will vote to pay for use of hydrants.
11. To see what action the town will take in regard to lighting the streets, and raise and appropriate money therefor.
12. To determine the rate of discount the town will allow persons paying their taxes within such period as the town may designate.
13. To see what sum of money the town will vote to raise for the expenses of Memorial Day.
14. To see what sum of money the town will raise or appropriate for the benefit of the American Band.
15. To see what sum of money the town will vote to pay the Board of Education
16. To see what sum of money the town will vote to appropriate in aid of the Claremont Cottage Hospital.

17. To see if the town will vote to authorize the Trustees of Fiske Free Library to use the money now in the hands of their treasurers, amounting to about Three Hundred and Forty Dollars, to purchase and repair books for said library.

18. To see if the town will vote to purchase five hundred feet of hose for the Fire Department, and to raise and appropriate money therefor.

19. To see what action the town will take in regard to planting shade and ornamental trees; and to preserve the trees and shrubbery along the public streets and highways.

20. To see if the town will vote to have a special policeman appointed to patrol the streets between the hours of eight o'clock P. M. and seven o'clock A. M.

21. To see if the town will vote to exempt from taxation for the term of ten years the new and additional manufacturing establishments being erected by the Sullivan Machinery Company of said town.

22. To see if the town will vote to instruct the Board of Selectmen to enforce impartially all the laws and statutes of New Hampshire within their executive jurisdiction.

23. To see if the town will vote to accept House bill No 270, 1901 Session, providing for the appointment of public weighers and defining their powers and duties.

24. To see if the town will vote to instruct the Selectmen to substitute electric lights in place of kerosene lamps

25. To see if the town will vote to give the Fire Department the use of the town hall twice during the year 1901.

26. To see if the town will vote to build a steel bridge at West Claremont in place of the old one, and appropriate money therefor.

27. To see if the town will vote to raise and appropriate the sum of two hundred dollars in addition to the amount already raised for the purpose of putting suitable tablets on the soldiers' monument in the Park.

28. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-fifth day of February, nineteen hundred and one.

ALMERIN C. STONE,	} Selectmen
CHARLES A. FISHER,	
WILLIS T. FREEMAN,	
	} of
	} Claremont.

We hereby certify that on this twenty-fifth day of February, nineteen hundred and one, we posted an attested copy of this warrant at the west door of the town hall, the place of meeting within specified, and a like copy at the post office, a public place in said town, and deposited this warrant with Francis F. Haskell, town clerk of said town.

Report of the Board of Health.

It is now nearly twenty years since the first state board of health was organized and began work. Previous to that time there was little, if any, attention given to the prevention and restriction of disease, and, except in a few of the large towns there were no local boards of health. Four years ago the law was so changed that the selectmen of every town were required to appoint a board of health consisting of three persons, one appointed annually, and each member to hold office three years, thus making a continuous board.

The rules and regulations that have been adopted by the State board for the use of local boards, for the restriction and prevention of contagious or infectious diseases have been put in force, and the number of deaths from such diseases have been considerably reduced. The State board publishes a sanitary bulletin once in three months, which is free to any person living within the State. It gives valuable information in regard to sanitary matters, and any one can have it sent to them if they apply for it.

A bill is before the present legislature to establish a laboratory for chemical and bacteriological work, to be under the direction of the State board of health, for the free examination of water, food supplies, and to determine the nature of certain diseases. The utility of such a laboratory must be apparent to every intelligent person in the state, and it is desirable that the bill become a law.

The following cases of sickness have been reported to us during the year: Diphtheria, 5; Typhoid Fever, 8; Measles, 39; Scarlet Fever, 7; Membraneous Croup, 2. Recovery followed with all the cases of typhoid fever and scarlet fever, but in both cases of membraneous croup and two of the cases of diphtheria death was the result. We have been very fortunate not to have had more cases of these contagious diseases, and we believe this is due to the care which has been taken as regards quarantine and fumigation.

We have given assistance to families in quarantine to the amount of \$69.20.

There have been quite a large number of cases of small pox in some towns of the State and also in Vermont. At the present time

there are cases in Manchester and a few other towns in that part of the State. So far we have fortunately escaped, but it is well to take such precautions as we can for self protection, and we wish any person who may be sick with any eruptive disease would report such case to the health board. Our reason for this is, that some of the cases of small pox in other towns, were at first thought to be chicken pox.

We also recommend that the school board require all children attending school, who have not been vaccinated, to attend to the matter at the close of the present term of school. That will give them the vacation time in which to have it done, and we think it will be much better than attending school with a sore arm. Since our last report one of our number, Mr. Geo. E. Parks, has been removed by death. He was the president of the board, and a very capable health officer, as well as one of the best of men. He had been a member of the board for nearly four years. The selectmen have appointed Mr. Geo. A. Rowell to fill out the unexpired part of Mr. Parks' term of office.

The board have had about the usual number of all sorts of complaints brought before them, and have attempted to find the best remedy in each case. There have been about two hundred visits made by some member of the board.

We wish to thank the people of the town for their courteous treatment, and also the physicians of the town for their promptness in reporting cases of disease, and for all the ways they have been helpful to us.

R. L. HOWE,	} Board of Health.
G. A. ROWELL,	
A. L. MARDEN, M. D.

Chief Engineer's Report.

During the year ending Feb. 15, 1901, there were 16 alarms of fire as follows :

Feb. 22, box 13, 6.10 p. m., chimney fire in Jerry house.

April 3, box 24, 11.50 p. m., Central House stables, Pearl-st.

May 16, box, 25, 11.45 p. m., Corner Summer and Broad-sts., false alarm.

May 29, box 25, 9.45 p. m., Corner Summer and Broad-sts., Dudley T. Chase buildings on Chestnut-st.

June 5, box 14, 7.45 a. m., false alarm from crossed wires.

June 7, box 44, 11.10 p. m. (hose house), Norrington buildings at Claremont Junction.

Aug. 21, box 22, 6.15 a. m., I. D. Hall's barn, Central-st.

Sept. 1, box 14, 11.10 p. m., Gell Lenven tenement, North-st.

Sept. 4, box 14, 4.15 p. m., brush fire on Washington-st.

Nov. 23, box 16, 3.20 a. m., Sears' house, corner Pearl and Myrtle-sts.

Dec. 14, box 14, 6.25 p. m., barn at J. Brown's, North-st.

Jan. 15, box 24, 8.30 a. m., burning fat at Baptist parsonage, Sullivan-st.

Jan. 23, box 14, 6.30 a. m., chimney fire at Stewart house, Lincoln-st.

Jan. 24, box 12, 7.30 a. m. (Monadnock Mills), fire at Claremont Gas Light Co.'s works.

Feb. 2, box 14, 8.30 a. m., P. Luzo house on Dexter Hill.

Feb. 9, box 13, 10.30 a. m., Sears stables, Main-st.

BRUSH FIRES.

April 25, stump fire at Geo. F. Whitcomb's; April 26, at Mrs. Heath's, Junction road; April 29, at Joy place on Main St.; April 29-30, Breck pasture near high bridge, West Claremont; June 1, at Race's track so-called, Claremont Junction; Sept. 4-5, Blanchard woods, Washington-st.

The past year has been a busy one for the Fire Department, with an unusual number of box alarms (and two false alarms). Notwithstanding the number of times the Department was called out, the loss with four or five exceptions, was trivial, and the aggregate is no more than during the year preceding. In only one instance (the Norrington fire), was a building destroyed. The fires attended with the most serious damage were the Central House stables, the Dudley T. Chase buildings, the Norrington buildings, the Lenven tenement, and the Sears house. The worst of these was the Chase fire, where it was necessary to lay 1,500 ft. of hose from the nearest hydrant, while the distance from an alarm box enabled the fire to get a tremendous start before the Department was summoned. The fire broke out at about 10 o'clock p. m., and that any portion of the dwelling house was saved, seems a matter for congratulation, being closely connected with the barns and sheds that were entirely on fire when the alarm was finally sounded.

At the Central House stables the prompt work of the Department prevented a serious conflagration. The fire started at midnight, in one of the best localities in the village for a big fire, but scarcely any damage resulted to any surrounding buildings. Some adverse criticism to the contrary, the Department accomplished the quickest "out" of the year, even though there were "stones in the nozzels" (which was a fact). A person remaining snugly in bed on a cold night, is not properly the one to criticise the work of the Firemen, doing their best to save property from destruction.

At the Lenven and Sears fires the flames early worked into the partitions, where it was difficult to locate them and making it necessary to use a great deal of water, which often does even more damage than the fire.

At the Norrington fire, Junction road, the buildings were nearly consumed before the alarm was sounded in the village.

The fire at the Claremont Gas Light Co.'s works might have proved a serious and tragic affair. In this instance the quick forethought and bravery of William Burns resulted in painful injury to himself, but lessened in a large degree the danger that menaced the Firemen, when they answered this call to duty. Mr. Burns was for many years a member of the Fire Department, being first engineer on the steamer.

The number of brush fires was about the same as on the preceding year, but the damage resulting was comparatively slight, as was the work of subduing them.

During the past year one box, No. 32, has been added to the electric fire alarm system, located on Washington-st. Two hydrants have also been placed on Washington-st., all of which protection

was needed, and had been long recommended. These additions to the service brings the total number of alarm boxes to 14, and the total number of hydrants to 59. A switch installed at the hose house enables number 33 to be sounded for fire at West Claremont, and No. 44 for fire at Claremont Junction. The largest item in the expenditure for permanent improvements, is for the amount of new copper wire, replacing old wire in the electric alarm system.

A 20-foot ladder was purchased and placed with the equipment of the hose wagon, which has proved its usefulness. As the hose wagon arrives first at a fire, a short light ladder is very often indispensable, and is the means to prevent damage that otherwise would result. A new ladder and several needed tools have been procured for the hook and ladder truck.

The apparatus in every way is in first-class repair and ready for quick and effective service.

The apparatus consists of one Silsby steam fire engine, one horse hook and ladder truck, one horse hose wagon of modern construction, four hand hose reels, 2,500 feet of hose. The wagon and truck are fairly well equipped with coats, fire hats, tools, etc., and are rigged with swing harness, two horses for each piece of apparatus. Last year in my report I said: "While there is always a chance for additions and improvements, the Department was never in better working order in every detail for prompt and effective work." This statement applies now as well as then.

RECOMMENDATIONS.

I would respectfully recommend the placing of hydrants at Draper Corner, and on Elm-st., near the Thrasher place. These two districts are still unprotected with water service in case of fire, and in both instances important public interests are to be considered: In one case a school house and in the other the buildings of the Claremont Cottage hospital.

Several districts on the outskirts, as well as in the more thickly settled portions of the village, need the protection of additional fire alarm boxes. It has been plainly proven that both time and property are saved where alarm boxes are near in the emergency of fire.

The need of a fire register at the Sugar River Paper Mills (such as is in the hose house) is still manifest, and should be attended to without further delay. I further recommend the purchase of 500 feet of hose. It is urgently needed.

In conclusion I wish to express my appreciation to the officers and men of the Department for their hearty co-operation in all that pertains to its maintenance and betterment, and for willing and

good work on all occasions when duty called. The assistance to the police at fires has also been of the usual satisfactory kind, and acknowledgment of the same is hereby made.

All of which is respectfully submitted,

C. E. SEARS, Chief Engineer.

Owing to delay in settlement of account of Aaron King, his account is not included in report of Fire Department.

There was due from the County Feb. 15, 1900, aid for dependent soldiers, \$186.90; aid for paupers \$464.68, a total of \$651.58. This amount has no connection whatever with the expenses of the present year further than to show that it has been drawn and paid to the town treasurer. To show this amount paid it must be deducted from the total amount paid to me by the Commissioners, which was \$3,617.50, and deducting \$651.58, from total it leaves \$ 2,965 92

To this should be added the amount now due from Sullivan county for soldiers' aid, 177 70

Also the amount now due from Sullivan county for aid to paupers,	\$ 346 58
Aid to a Grafton county soldier now due from that county,	45 00
The total town expenses for dependent soldiers, paupers and incidentals,	322 00

Making a total of all town and county expenses for the support of all our poor for 1900 to be \$3,857.20 and that is the amount that I have drawn from the town treasury. There should be deducted from this total amount the two bills one for \$51.18 contracted in 1897 of Denison Bros., for goods delivered to Frank X. Lamere, and the other for goods of M. L. Jewett & Son, contracted in 1897, for James McLaughlin, amounting to \$27.42, both bills were orders paid by a vote of the town in 1900, they amount to \$78.60, and to this should be added the sum of \$30.00 that I have paid to the selectmen, for money paid to me to enable parties to vote at the November election, also for money refunded by parties aided and for profit on town wood, all amounting to \$108 60. Deducting this amount from the total amount drawn from the town treasury, it shows the actual amount of all expenses for the support of all our poor for the present year is \$3,748.60. But to this must be added the amount now due from the county less than what it was last year, \$82 30, making a total of \$3,830.90. It will be remembered that in my last report I estimated the total expense for the support of all the poor for 1900, would not exceed \$3,500.00 and had it not been for the closing of the Balcom mills and the shutting down of our shoe factories for so many months I am confident that the total expenses of the past year would have been below my estimate.

By comparing the expenses of the present year with the monthly expenses as given in the last year's report from Feb. 15, 1899 to Feb. 15, 1900, the amount of which was \$4,489.00, it will show a saving of \$658.10, and if compared with the expenses of the year ending Nov. 1, 1899, which was \$6,375.89, it will show a saving of \$2,544.99, and if compared with the expenses of 1897 which was \$11,168.62, it will show a saving of \$7,337.72. The total amount of the saving to town and county made in Claremont in the past three years is \$13,804.91, and if we compute the number of working days in a year to be 313 it will show a saving of \$23.44 for each working day of the present year and an average of \$14.70 for each working day for the past three years. I can only say that this result has been obtained by hard, persistent (and often disagreeable) labor. No worthy applicants for aid have ever been denied anything that was required to make themselves and their families comfortable. Every application for aid has received a full investigation, and if it showed any applicant was trying to "dead-beat" the town they were

refused without any ceremony. Of the names of the 184 persons dropped from our pauper list within the past three years I know, and can truly say that fully two-thirds of them are today far better off, physically and morally, and have a greater self-respect, and feel better in every way than they did while being supported by the town. Many of them have told me within the past year, that never again should they call on the town for aid without sickness or misfortune compelled them to do so, and to quite a number of them I have loaned a small amount of my own money to help them over some hard spot, but in every case they have paid me just when they had promised to do so. With the other third of those cut off from our pauper list it has been far different. They have come again and again, many of them under assumed names, and they will tell their story and offer to make oath to it, when a little investigation will show their whole statements to be nothing but false from beginning to end; but for all their efforts only a few have succeeded in defrauding the town of a small amount before I could learn their true character. Although a reduction of more than 300 per cent. has been made in the expenses of Claremont's town and county poor, the past year as compared with 1897, yet they are now too large as compared with other large towns and cities in the state by some 30 to 40 per cent., but the expenses are coming down each year, and ought not to exceed \$3,000.00 for 1901, and what is still better for the overburdened tax payers of Claremont and Sullivan county, you are to receive the benefit of the \$29,000.00 already saved by the overseers of the poor in the different towns in the county, and also the benefit of any reduction in the expenses of caring for the county poor in the future, "in spite of the attempts of any party or parties to with-hold it from you." And tax you over again.

Respectfully submitted,

BARON S. NOYES, Overseer of the Poor.

FISKE FUND.

No income has been received from this fund. At the last annual town meeting it was voted to appropriate the balance of money in treasury, from rentals, amounting to \$345 02, to the purchase of books—\$307 61 has been thus expended during the year. The trustees will ask that the present balance of \$337 56 from rentals, be in like manner appropriated.

O. B. WAY, Treas. of Fiske Free Library Trustees.

School Warrant.

STATE OF NEW HAMPSHIRE.

To the inhabitants of the School District of the Town of Claremont, qualified to vote in district affairs:

You are hereby notified to meet in the lower assembly room of the town hall in said town, on Saturday, the ninth day of March next, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To see what sum of money the district will raise and appropriate for the repair of school houses.
6. To see what action the district will take in relation to securing a superintendent of schools, and to raise and appropriate money therefor.
7. To see if the district will vote to authorize the school board to unite with one or more town districts or special districts, to form a supervisory district for the purpose of employing a superintendent of the public schools therein, under the provisions of Chapter 77 of the Session Laws of New Hampshire, 1899, and to raise money to carry such vote into effect.
8. To see if the district will adopt a bylaw for the punishment of truants, as provided under Section 6, Chapter 93 of the General Laws.
9. To see if the district will vote to raise and appropriate money for the building of a school house in the village proper, the same to be utilized by the grammar school and others of lower grades.
10. To choose agents, auditors and committees in relation to any subject embraced in this warrant.
11. To transact any other business that may legally come before said meeting.

Given under our hands in said Claremont, this twenty-first day of February, nineteen hundred and one.

AGNES G. COBURN,	} School Board of Claremont.
C H. WILSON,

Town School District.

REPORT OF THE TOWN SCHOOL BOARD FOR THE YEAR ENDING
FEBRUARY 15, 1901.

Miss Isophene K. Dow, for more than twenty years the efficient principal of the grammar school, was obliged to give up her work at the beginning of the present school year, owing to impaired health. The A room in this school, in charge of the principal, in which are taught seventh and ninth grades, has been closed several weeks, at different times, since September. The unfortunate change of teachers during that time contributing to this embarrassing and undesirable result.

Mr. D. H. Lamberton was employed as substitute in this department for five weeks, and was succeeded by Miss Etta M. Dodge, who withdrew from the school after a few weeks' service. The present head of the school, Miss Geneva L. Morse, is ill, and unable to attend to her duties. For two weeks Mr. H. D. King, a Dartmouth student, has been employed as substitute. It is the intention of the committee to make up the time lost in this department before the close of the school year, that the pupils of the separate grades be given the same number of weeks' tuition as other pupils in the town schools.

Miss Jennie L. Warren, of Weathersfield, Vt., is the teacher in charge of the sixth grade school (grammar), succeeding Miss L. C. Cairns.

Miss Myrtle E. Frost, teacher in the High-st. fourth grade school, and Miss Alleen Messer, of the West Claremont Intermediate school, also efficient instructors in the service of the town for several years, resigned at the close of the fall term. Miss Frost was succeeded by Miss Florence A. Stevens, of Pembroke, who resigned in January on account of illness. Miss Mary A. Wilson, of this town, is now in charge of the school. Miss Caroline L. Fitzgerald of the West Claremont primary school was assigned to the intermediate school, and Miss Annie S. Payne, of Perkinsville, Vt., to the primary.

Miss Effie M. McQuaid has been promoted from the Draper Corner school to the Bluff fourth and fifth grade. She was succeeded

by Miss Ava A. Stewart of the Puckershire school, who, in turn, was succeeded by Miss Carrie E. Gay, of North Charlestown. Miss Gay was forced to resign on account of her health at the close of the fall term. Miss Ida S. Severance is the teacher in charge at present. Miss Mattie B. Spencer was transferred from the Junction school to the Terrace first and second grade; and Miss Nina May Whitecomb, of the Bible Hill school, was assigned to the Junction division. Miss Harriet M. Sanders followed Miss Whitecomb as teacher on Bible Hill.

Miss M. B. Chellis, instructor in drawing, resigned at the close of the last school year, and was succeeded by Miss Lida W. Sanderson.

Miss Alys Putnam, of Boston, is employed as supervisor of music.

The attention of parents and others interested in school affairs is called to the article in the school warrant relative to the adoption of a by-law for the punishment of truants. This proposed action is urged by the state superintendent of instruction.

The school board feels that it would be remiss in a most important duty if it failed to speak of a matter that the best interests of the Claremont schools demand early action upon. It refers to the employment of a skilled superintendent. That any school board likely to serve for the usual school-board remuneration can afford to give the schools the professional direction that the times demand, even if qualified, is not to be expected. The qualifications and experience necessary to competent school supervision have a market value beyond the routine of school-board duties; and no town can complain of not getting what it does not pay for. Perhaps no citizens are in better position to realize the needs of our schools, the needs that no school board can be expected to supply of itself, than are the members of the school board themselves; and, without attempting to specify those needs, for they are many, the committee earnestly recommend the immediate employment of a superintendent of schools. Of this matter the board would be understood as speaking in no uncertain voice. Understanding, as it may be presumed to do, the needs, and believing that all conditions, even such as relate to any increase of expenditure involved, justify the step it has above advised, it respectfully submits the proposition for district action.

AGNES G. COBURN,	} School Board of Claremont.

JOHN D. AYER, Treasurer.

The interest of this fund now amounts to \$668 25 per year, and is computed on \$22,275 00 as a principal. There is a very perceptible difference between the total sum paid out this year, as compared with last and previous years.

It would seem that the town ought, at least, to pay interest on the original fund, \$30,500 00, since it has voted to pay but three per cent. for the use of this fund.

Auditor's Certificate.

We, the undersigned, Auditors of the Town of Claremont, have examined the foregoing accounts of the Selectmen, Town Treasurer, Highway Agent, Overseer of the Poor, Treasurer of Stevens High School Committee, the Financial Agent of the Fiske Free Library, and the Treasurer of Claremont Town School District, the Alden Prize Literary Fund, the Collector of Taxes, and find the same correct with proper vouchers.

H. W. PARKER.	}	Auditors.
O. D. BLANCHARD,		
E. J. TENNEY,		

VITAL STATISTICS.

In compliance with an act of the Legislature passed June Session, 1887, requiring "clerks of towns and cities to furnish a transcript of the record of the births, marriages and deaths, to the municipal officers for publication in the Annual Report," we submit the following :
